

A MESSAGE FROM
THE LĀNA‘I EMERGENCY
PREPAREDNESS GROUP

WEDNESDY, MARCH 3, 2021 1:00 p.m.
COVID-19 ADVISORY

**INFORMATION PROVIDED VIA THESE LĀNA‘I COVID-19 ADVISORIES APPLY
TO CURRENT LĀNA‘I RESIDENTS ONLY**

COMING ON MARCH 27: VACCINES FOR ALL LĀNA‘I RESIDENTS

Watch for information in the next week or two about a free COVID-19 vaccination opportunity for all Lāna‘i residents (aged 16 years and above) via a drive-in clinic on March 27, 2021.

- You must be a Lāna‘i resident to qualify
- Wait for upcoming registration instructions: please DO NOT call your healthcare provider to register for this particular event at this time
- No cost to you

If you’ve already received your first dose of the vaccine, you’ll be contacted directly about when and where to get your second dose. If you already have a vaccination appointment with a Lāna‘i healthcare agency, keep your appointment.

Our rural community, older population, and lack of medical resources make Lāna‘i particularly vulnerable to the effects of COVID-19, but our vulnerabilities now present our residents with a huge opportunity to be one of the first communities to move forward. Let’s not miss this chance!

WHY GET VACCINATED?

- Lowers your odds of getting COVID-19
- Protects household members and friends from becoming infected
- Lowers your chances of becoming seriously ill or dying from COVID-19
- Future possibility of traveling more freely
- Future easing of social restrictions
- Lāna‘i community “herd” immunity
- The more people that are vaccinated, the sooner our quality of life improves

If you’ve already been vaccinated, share your experience with family members, friends, co-workers, and on social media to encourage others to get the vaccine.
